

Instructions for Viewing Worship Beginning November 15

On November 15, we will resume in-person worship with the realization that many of you will continue worshipping with us online. Please note that our times for worship have changed to 8:30AM and 11:15AM. BOTH services will be livestreamed, which means you have the opportunity to watch the services as they are taking place in the sanctuary.

Instructions for viewing worship via Livestream

To view them live, as they are taking place go to www.youtube.com/obcrockhill/videos. When we are LIVE you will see a red bar along the bottom of the first video box. Click on the box and it will take you to a full screen view.

Instructions for viewing worship outside of the scheduled worship times.

After the service is over and the recording has finished processing and uploading (approximately 30 minutes after the service is over) it will be available to watch at your convenience. To access the most current recorded service or any previous services go to www.youtube.com/obcrockhill/videos. The videos are arranged in chronological order with the most recent being first.

You can also access the YouTube recordings through our website, using this link:
